ADDITIONAL INFORMATION: Structube regrets any inconvenience this recall may have caused. We wish to remind our customers about the dangers of furniture and TV tip-overs. Although this recall involves a dresser, the danger of children playing on furniture of any type is real, and we appeal to all parents to take the necessary steps to

protect your little ones by installing tip restraints, especially on furniture in their bedroom where most tip-over related injuries and deaths have occurred.

Please see our "[Make it Safe](#)" section on our website for more information.
