

RUG CLEAN & CARE

Soft underfoot and super easy to look after with a little love.

STRUCTUBE
j'adore!

Visit your product's page at www.structube.com for detailed care and guidance instructions, or contact our Customer Service team.

REGULAR CARE

Stay ahead of dust and dirt.

- Vacuum regularly using a low-suction setting (brush off if delicate).
- Rotate the rug every few months to ensure even wear and fading.

DEEP CLEANING

Give it that fresh start every once in a while.

- Professional cleaning is recommended periodically (especially in high-traffic areas).
- Avoid soaking or using harsh detergents; most rugs don't like long baths.

SPILL RESPONSE

Spills happen. Speed is everything!

- Blot immediately with a clean, dry cloth, no rubbing.
- Gently repeat until the stain stops transferring to the cloth.

SAFETY FIRST

A cozy look still needs a little caution.

- Keep rugs away from curtains, heaters, and other textiles to reduce fire risk.
- Use a non-slip rug pad underneath to prevent sliding and protect flooring.

SNAGS & LOOSE FIBRES

Don't panic, don't pull.

- Clip loose threads with scissors; never pull or tug.
- If the snag is large or continues to unravel, consult a rug repair specialist.

Note: Structube does not endorse any specific rug cleaning products. Always test a small, hidden area first or consult a professional rug cleaner, especially for delicate fibres and high-pile rugs.

LOVE IT LIKE IT LOVES YOUR FEET

Rotate, blot, clip, repeat, and your Structube rug will stay beautiful, comfy, and inviting for years to come.

Thank you for making Structube part of your home!
